MEDICINE.

Nervous Debility,

Weakness of the System, and Premature Deesy. Many of you may now be suffering, missed as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Imposency, involuntary Seminal Emissions, Weikness and Shriveling of the Genital Organs, Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions occusioning the necessity of renouncing the felleties of Marriage, lessening both mental and hodily capacity. Hold I Henry's Invigorating Cordini, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengtaener of the system.

As a Tonic Medicine, it is unsurpassed. We do not place this Cordision a footing with quack medicines, and, as is customary, append a long list of Recommondations, Cerdificates, dec. beginning with—"Hear what the Preacher says," and such like; it is not necessary, for "Henry's invigorating Cordini," only needs a trial to prove that it will accomplish all we say.

The Genuine "Henry's Invigorating Cordini," is put up in 8 or Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which ta forgery,) as well as the name blown in the rlans. counterfeit which is forgery,) as well as the name blown in

DR. JOHN BULL. SOMETHING NEW AND VALUABLE. The most powerful King on the face of the globe now reigns supreme in the American Republic. The power of the crowned heads of Europe sink into insignificance the crowned heads of Europe sink into insignificance. European Kings employ the power vested in them to increase the riches of the rich and lordly, and to reduce to greater misery and degradation the poor and depen-dent. Our American King goes forth with equal willing-mes to the lordly mansion and humble cabin, ready alike to administer relief and to offer health and happpinose with lord and lowly, the rich and the poor.

DR. JOHN BULL'S GREAT AMERICAN KING

Is the Tayre Wonder of the Wonde, and the greatest blessing ever offered to afflicted humanity; to the suffering millions, the Doctor can say, relief is at your command. You have only to use this magical remedy. All those who still suffer, and will not accept the profered balm, deserve not the pity of their families.

This wonderful medicine, during the brief period since ha introduction, has carried happiness to the hearts of thousands, and made life a charm to many who heretofore regarded it only as a painful and miserable existence.

To the winds with all Liminents, Embrocations, Pain Killers, and Pain Extractors, and let millions of glad tongues proclaim the merits of the great "American King of Pain," a preparation composed solely of vegetables and roots, produced by America's own rich and bounteous soil.

ounteous soil.
We would ask the Labres, who are always competent We would ask the Labits, who are always competent judges of what is and what is not a valuable family medicine, to do us a special favor by giving the King of Pain a single trial, and if satisfactory, exert their influence in its behalf, recommend it, speak well and often of it, and see that it is used by their afflicted neighbors. The Ladies are always charitable, and when they induce their suffering friends to use this really valuable medicine, they will be doing an act of benevolence that they can well be proud of This is a powerful and truly magical remedy for all external discusse, sores, swellings, burns, &c., and for many internal afflictions, it is a certain cure, yet it is perfectly harmiese, and incapable of producing the least injurious effects in the most delicate cases or the weakest constitution.

It is entirely useless to follow the old and worn-out system of publishing to the public thousands of certificates of wonders performed by this medicine. It coats but twenty-fire cents to try it, and Dr. Bull stakes his well-exceed reputation on the King of Pain doing all and more than he claims for it.

We would ask, have you the Rheumatism or Gout: these are not pleasant companions, and we know that you would like to drive them away as soon as possible.
